

Marketing Interview Thank You

Hello _____,

First, I'd like to thank you for your time and introduction to {company's name}. After assessing the business landscape in relation to {company's objectives}, I feel as if I could heavily contribute to the success and innovative thinking already present at the firm.

While my marketing background is relevant in terms of skills and despite having met past goals on a consistent basis, I do ensure that I continue to grow.

Thus, while my potential today may be sufficient, the contribution I believe that I would make {company name} both present day and in the near future would prove to be substantial.

Thank you for your time and I do look forward to the prospect of moving forward in the process.
